Comments: Once again, for the sake of money or opening up forests to wasteland playgrounds for atvs, and other (paying) recreational sports (directly or indirectly), you are demonstrating a callous regard for the health, nay, survival of this planet through forest carbon sinks, you are again stealing natural habitat from wildlife here today or which may move in tomorrow from necessity. And so much more! I am 100% OPPOSED TO YOUR CLEARN CUTTING THIS LAND, AGAIN. LEAVE IT ALONE.
