Comments: I am asking that the Forest Service exclude all of the designated Wildernesses from its proposed burning plans for the Sequoia and Sierra National Forests so as to comply with the Wilderness Act.

A number of key Wilderness areas are on the line now such as the Golden Trout Wildernesses, Ansel Adams, Dinkey Lakes, John Muir, Kaiser, Kiavah, Monarch, South Sierra, Dome Land, and Jennie Lakes. The agency needs to allow natural, lightening-caused fire to do its job in Wilderness on the Sequoia and Sierra National Forests.
