Comments: Sequoia and Sierra National Forests Prescribed Fire Project #65081

I'm my opinion, the US Forest Service should not go through with their planned, misguided cut and burn of all of the designated lands for the Sequoia and Sierra National Forests in order to comply with the Wilderness Act. Some of America's most loved Wilderness areas are at stake, including the Ansel Adams, Dinkey Lakes, John Muir, Kaiser, Kiavah, Monarch, South Sierra, Dome Land, Jennie Lakes, and Golden Trout Wildernesses.

The US Forest Service should instead allow for nature to run its own course of forest management with natural, lightning-caused fire to play its ecological role in Wilderness on the Sequoia and Sierra National Forests.
