Comments: I am writing about the proposed Sequoia and Sierra National Forests Prescribed Fire Project.

The Forest Service should exclude all of the designated Wildernesses from its proposed burning plans for the Sequoia and Sierra National Forests in order to comply with the Wilderness Act. Some of America's most loved Wilderness areas are at stake, including the Ansel Adams, Dinkey Lakes, John Muir, Kaiser, Kiavah, Monarch, South Sierra, Dome Land, Jennie Lakes, and Golden Trout Wildernesses.

The agency should instead allow natural, lightning-caused fire to play its ecological role in Wilderness on the Sequoia and Sierra National Forests. The current proposal represents a huge human-driven manipulation of Wilderness that is inconsistent with the letter and spirit of the 1964 Wilderness Act.

Respectfully,

Tanya Lervik
