Comments: TO: US Forest Service, California offices

As an environmental specialist, I am calling on the U.S. Forest Service to comply with the law and exclude all "designated Wilderness" from its proposed burning plans for the Sequoia and Sierra National Forests. Some of America's most beloved Wilderness areas are at stake, including the Ansel Adams, Dinkey Lakes, John Muir, Kaiser, Kiavah, Monarch, South Sierra, Dome Land, Jennie Lakes, and Golden Trout Wildernesses.

The agency must comply with the Wilderness Act and allow natural, lightning-caused fire to play its ecological role in Wilderness on the Sequoia and Sierra National Forests.

Thank you taking the correct and lawful path to preserve our dwindling wilderness areas.
