Comments: Places such as The Ansel Adams, Dinkey Lakes, John Muir, Kaiser, Kiavah, Monarch, South Sierra, Dome Land, Jennie Lakes, and Golden Trout Wildernesses must remain free from human-induced conflagrations.

My family and I fully support keeping prescribed burns out of the Sequoia and Sierra National Forests. The Forest Service must comply with The Wilderness Act.

We hope that you will see fit to allow nature to take its course, with natural events such as lightning strikes inducing any fires in National Forest wilderness areas. These National Wilderness areas are inhabited by species which should never have to deal with human-caused fires.

Thank you for your consideration of our comments herein.

Sincerely,

The Kelly Family:
