Comments: I urge the Forest Service to exclude all of the designated Wildernesses from its proposed burning plans for the Sequoia and Sierra National Forests in order to comply with the Wilderness Act.

These areas are some of the public's most loved Wilderness areas. These areas include, including the Ansel Adams, Dinkey Lakes, John Muir, Kaiser, Kiavah, Monarch, South Sierra, Dome Land, Jennie Lakes, and Golden Trout Wildernesses.

The agency should instead allow natural, lightning-caused fire to play its ecological role in Wilderness on the Sequoia and Sierra National Forests.

I again urge you to spare these crown jewels of the National Wilderness Preservation System from its misguided burning and cutting plans.
