Comments: To align with the Wilderness Act, the Forest Service should avoid including the designated Wilderness areas in its proposed burning plans for the Sequoia and Sierra National Forests. This encompasses cherished Wilderness locations like Ansel Adams, Dinkey Lakes, John Muir, Kaiser, Kiavah, Monarch, South Sierra, Dome Land, Jennie Lakes, and Golden Trout Wildernesses.

A preferable approach would involve permitting natural, lightning-caused fires to fulfill their ecological role in the Wilderness areas of the Sequoia and Sierra National Forests.
