Comments: The management plan is fine so long as there is no restrictions on users who arrive at the blue lakes TH between 8p-5a. I regularly arrive after sunset, sleep in my car, and start my tour before 4-5a. If I can still do this, great. Otherwise, I would be extremely opposed to this management plan, and will not adhere to it. Make blue lakes like RMNP, no restrictions before 6a, otherwise, a lot of us locals are going to be furious.
