Comments: I urge the Forest Service to exclude any areas that are designated wilderness from this proposal for the Sequoia and Sierra National Forests. Cutting down and burning trees in such areas would be inconsistent with the 1964 Wilderness Act. Instead, allow lightning caused and other natural fires to burn, which has an important ecological purpose.

Save exceptional places such as Ansel Adams, Dinkey Lakes, John Muir, Kaiser, Kiavah, Monarch, South Sierra, Dome Land, Jennie Lakes, and Golden Trout Wildernesses from destruction by safeguarding them from the proposed cutting and burning.
