Comments: I'm concerned about The Forest Service's plan for burning in National Forests. It is important that all of the designated Wildernesses are excluded from its proposed burning plans for the Sequoia and Sierra National Forests - this is necessary in order to comply with the Wilderness Act. This is also important to safeguard America's most loved Wilderness areas, like the Ansel Adams, Dinkey Lakes, John Muir, Kaiser, Kiavah, Monarch, South Sierra, Dome Land, Jennie Lakes, and Golden Trout Wildernesses.

The Forest Service should instead allow natural, lightning-caused fire to play its ecological role in Wilderness on the Sequoia and Sierra National Forests.

Thank you,
