Comments: As a user of the Beaverhead Deerlodge National Forest I am staunchly opposed to this proposal.

There are already so many issues this area has with illegal off roading, lack of access to public lands and habitat restoration needs that the activities detailed in this proposal (while bringing in revenue for the agency) will surely make the situation worse. I love and appreciate the Beaverhead Deerlodge National Forest for what it is and want to see it managed for all people. Not just the ones who have thousands of dollars to go hire a guide to take them into the woods. This proposal is not good for average recreators and most importantly not good for the land itself. Please do not go through with this.
