Comments: Hello, I need to know if there is A BETTER MAP to view. The one in the PDG is HORRIBLE!! To small and, for me, unclear where the boundaries are in relation to Oakhurst & Bass Lake. I live at the SNF boundary near Chepo Saddle and there is A MESS OF MATERIALS that need to be addressed in the clean-up. How CAN I SEE the scoped area properly???

Thanks you very much in advance for your assistance.

Renee Margaux
