Comments: I fully support rapid implementation of shooting ranges for Teller and Park counties. It's long overdue. Too many people are irresponsible with their shooting. Not bothering to select proper backstops, trash and shooting trees down just to name a few of my complaints.

I have a son (with 3 kids) living north of Woodland Park on Painted Rocks road. His property is adjacent to Pike National Forest. Gunfire is common out there. The lay of the land makes shooters think perhaps there are no houses in the area but there are quite a few. And some of these shooters leave a lot of trash, make no attempt to have a backstop. I have (cautiously) observed some of these events. Shooters quite often appear to me to be drinking out there. My son has heard bullets whizzing by. Also Camp Elim is nearby, very often full of people.

Thank you for the opportunity to comment

Gary Rawson
