Comments: THE UNITED STATES NEEDS TO BE A LEADER IN CONSERVING WHAT LITTLE RESOURCES WE HAVE LEFT-NO MORE MINING, DRILLING FOR OIL AND GAS...NO MORE WIDE-SCALE DESTRUCTION OF HABITATS FOR INDUSTRY, AGRICULTURE OR ANY OTHER CAPITALISTIC USE. WE NEED TO START REHABILITATING HABITATS BY CLOSING THE DOOR ON LOGGING, MINING, OIL AND GAS DRILLING, CATTLE GRAZING, DAMS ETC ...ALL THESE USES HAVE DESTROYED THE PLANET TO THE POINT HABITATS CAN NO LONGER SUSTAIN FLORA AND FAUNA FOR LACK OF CLEAN AIR AND WATER. WE ARE KILLING HABITATS CRITICAL FOR WILDLIFE. AMERICANS MUST BEGIN THE PROCESS OF CONSUMING LESS, EATING MORE SUSTAINABLE FOODS AND WE MUST GET OFF FOSSIL FUELS COMPLETELY. SECRETARY HAALAND MUST REJECT THE WILLOW PROJECT AND CLOSE THE ARCTIC TO ALL FURTHER OIL AND GAS EXTRACTION...WE ARE IN A TIME OF CRISIS BECAUSE WE HAVE OVER EXPLOITED AND WASTED THE EARTH'S RESOURCES AND ARE KILLING THE PLANET--ALL FOR WHAT WE CALL THE "AMERICAN" LIFESTYLE-HUMANS WILL BE EXTINCT IN 200 YEARS IF WE KEEP UP THE ABUSE AND RAPE OF OUR PLANET. NOW IS THE TIME TO CHANGE OUR WAYS FOR THE GOOD OF OUR CHILDREN, THE PLANET AND ALL GOD'S CREATURES. HUMANS ARE A PROBLEM NOT A BENEFIT. MAKE A LASTING DIFFERENCE SECRETARY HAALAND.
