Comments: I am fully in favor of withdrawing the Thompson Divide from all forms of entry, appropriation, and disposal under the public land laws; location, entry, and patent under the mining laws; and operation of the mineral leasing, mineral materials, and geothermal leasing laws, subject to valid existing rights for the period of 20 years.

Allowing this contiguous landscape to remain such benefits our climate goals as well as preserves the natural homeland of that fauna and flora that thrive there.

In addition more efficient management is facilitated.

Thank you for considering my comments.
