Title:

Comments: To whom it may concern,

I am writing to ask you please revise your climbing guidance to reflect the practice and precedent of the last 60+ years-that fixed anchors for climbing can be used, replaced, and maintained in designated wilderness and national forest areas.

I respect and advocate for the responsible use of Wilderness areas and believe that fixed anchors can be a component of a sustainable Wilderness experience. I want to ensure the safe and responsible use of fixed anchors in wilderness and national forest areas remains available to the climbing community.

Thank you,

Iris J Litwin
