Comments: Bolting helps those who are not fortunate or wealthy enough to afford a rack of cams to climb. It would be a travesty to remove access to specifically those who cannot spend thousands of dollar on equipment. It is important to ensure that we are good stewards of our environment, and I would argue that we have largely been as we adopt conservative and responsible bolting practices. I understand the place of this legislation and I urge you not to further gentrify outdoor sports.
