First name: Charles

Last name: Scott-Smith

Organization:

Title:

Comments: I beg you, even if the USFS determines that future route bolting is not in the best interests of our natural resources, please allow the continued existence and maintenance of existing bolted routes if there is any way forward that allows that course of action. I trust in your team to make a decision that is in the best interests of the plants and animals that need our protection, while enabling humans to enjoy the land in a responsible manner. Thank you for all that you do.
