Title:

Comments: I am in support of the mineral withdrawal, the Thompson Divide is vastly more valuable to Coloradans as a natural roadless area. The withdrawal will be better protected to our watersheds and the habitat for numerous wildlife species. It will benefit Colorado's agriculture, air quality and recreation. As a resident of the Roaring Fork Valley for many years, before I moved to Denver, I know that the Thompson Divide area has intrinsic and economic benefits to the towns in the area as well.

Thank you for your service on this important project, I look forward to a speedy finalization of this work.

Sincerely, Elizabeta Stacishin
