Title:

Comments: Apologies for the almost late submission as I just became aware of this. I live in Ft Collins.

As a 50 year resident of Colorado, I have seen the most obvious impacts of growth and the disappearance of many of our wild places and wildlife. I would like to briefly speak up in favor of the Thompson Divide Withdrawal project knowing that it is up to Congress to provide permanent protection.

My husband and I have hiked, camped, skied and spent money in the adjoining communities as we have been enthralled with the natural beauty of this area for decades. You have many letters in support already but I want to add my name.

Thank you for accepting this letter and hopefully passing this project before it is too late to consider protections for this part of Colorado.
