Comments: Dear NPS,

As a recreational outdoor climber, I want to make sure the safe and responsible use of fixed anchors in our national forests remains available to the climbing community. I respect and advocate for the responsible use of Wilderness areas and believe that fixed anchors can be a component of a sustainable Wilderness experience. Please revise your climbing guidance to reflect the practice and precedent of the last 60+ years-that fixed anchors for climbing can be used, replaced, and maintained in designated national forest areas. Thank you!
