First name: Janet

Last name: Buck

Organization:

Title:

Comments: My husband and I (and our fellow community members) hiked, skied, and camped on these lands. Our ranchers use these lands to run their cattle. These lands are used for hunting and fishing. Our wildlife depends on these lands. There are nuggets of hidden history in these lands - old cabins, pots and pans.

As our valley floor fills with development, it becomes more critical to preserve this land.

Please support the withdrawal.
