First name: Kimberly

Last name: Cronin

Organization:

Title:

Comments: Fixed anchors are a key piece of safety gear in active and growing sport. I fear if there was decreased access to fixed anchors it would result in greater accidents and trash left behind by temporary anchors. Climbers act as the most knowledgeable steward to respect and protect the rock. The access fund and American alpine club has dedicated time and energy to ensure safety and stewardship of the land.

This is only a danger.
