Comments: Hello,

Fixed anchors are important for myself, family and friends to climb safely. It is unreasonable for federal agencies to create new guidance policies prohibiting Wilderness climbing anchors across the country when they have been allowed, managed, and authorized for decades. Prohibiting fixed anchors will threaten America's rich climbing legacy and could erase some of the world's greatest climbing achievements. Climbing management policy needs to protect existing routes from removal.

Please do not prohibit fixed anchors in our public lands.

Thank you,  
Brady Karlin
