Comments: I have a pre-ANILCA cabin located on the Akwe river near Yakutat Alaska. My grandfather built up this camp starting in 1949 and it has been transferred down through the family ever since. The current policy would not allow me to transfer the cabin to my sons since they were born after the allowable date of birth. This has always left me with a horrible feeling since we have so much invested in the camp and have so many wonderful memories of living and working in the area. I am currently in my early 60's and would welcome wholeheartedly this proposed change so my sons and hopefully their children will be able to enjoy the cabin and the surrounding area as much as their predecessors did. Please adopt the proposal and allow the transfer. Thank you very much, sincerely,
David Mortensen and family
