First name: Brandon

Last name: Prince

Organization:

Title:

Comments: While it's true I am pasting a ready-made comment below, please be assured I am a real person who uses these natural resources for climbing and camping. I am also genuinely concerned that your new policy is Draconian and will not allow for responsible use, leading to irresponsible/illicit use and installations.

As a climber, I want to ensure the safe and responsible use of fixed anchors in [Wilderness/national forests] remains available to the climbing community. I respect and advocate for the responsible use of Wilderness areas and believe that fixed anchors can be a component of a sustainable Wilderness experience. Please revise your climbing guidance to reflect the practice and precedent of the last 60+ years-that fixed anchors for climbing can be used, replaced, and maintained in designated [Wilderness/national forest] areas.
