Comments: Please do not shut down feedgrounds. Please renew the lease for dell creek and forest park. I've fed on elk feedgrounds and I see its drawbacks. The positives far outweigh the negatives. We want elk in Wyoming. Don't forget our history and elks history. The feedgrounds are necessary for elk survival. We've displaced the elk, and they do fantastic when fed. Long winters are hard on elk! We can't help that. Feedgrounds can be a great tool for disease management. Not the other way around.
