Comments: I cannot express my opposition to this project in strong enough terms. The value and fragility of this watershed cannot be overstated. In economic, quality of life, and environmental terms this project is a disaster waiting to happen. The aggressive and arrogant stance these people (who don't have to live and work here) are taking is alarming. Please put the needs of the people who live work and recreate on this land ahead of the greed of a mining company.

Please.
