First name: Randall

Last name: Sinnott

Organization:

Title:

Comments: When I came to Oregon in the 1970s, the buzzword of the logging industry was "sustained yield". I've waited almost 50 years and not seen the original forest keep up with the demand. I ask you to please consider relegating the remaining trees to our national heritage and not commodify it. Thanks for all you do,

Sincerely, Randall Sinnott
