Comments: Off-Road Recreation needs to be included in this plan. Many projects and area clean ups on our public lands have been completed by volunteers in OHV/4x4 clubs. Off-road vehicle recreation stands out as a transformative outdoor activity that not only benefits a wide range of enthusiasts but also significantly enhances accessibility for individuals with mobile disabilities. By embracing adaptive technology, improving trail infrastructure, and fostering inclusivity, public lands can continue to provide a platform for diverse communities to connect with nature and enjoy the many benefits of off-road exploration.
