Title:

Comments: I object to the Nez Perce-Clearwater National Forests Land Management Plan's elimination of protections for the Hoodoo Roadless Area (HRA). The HRA contains significant winter habitat for wolverines. The draft plan would open up the HRA to motorized recreation. Research has shown that off-road motorized recreation has serious consequences for female wolverines:

[https://www.fs.usda.gov/rm/pubs\\_journals/2019/rmrs\\_2019\\_heinemeyer\\_k001.pdf](https://www.fs.usda.gov/rm/pubs_journals/2019/rmrs_2019_heinemeyer_k001.pdf). The draft plan does not mitigate the inevitable impact from increased motorized recreation in the HRA during winter.

Thank you,

Danny Tenenbaum
