Comments: This is a shared use area, and I believe its in the best interest of the State of Idaho and its recreational programs to have motorized, non motorized and shared use areas. I strongly oppose any further expansion of the Brundage boundaries and the areas that are RESTRICTED to motorized use. This incudes snowmobiles. We can all work together. I feel that by the continual push from the ADA county Liberals and the Valley county deep pockets we are drawing lines in the sand and are going to have issues working together in OUR mountains. So again I Oppose this expansion and actually feel we should be reversion some of the previous closure areas. Its OUR forest, not the rich and famous forest! Martin Poxleitner
