Comments: I have been a PNW resident my entire life, and plan to stay one. I've enjoyed activities in our local forests for my entire life as well. I care deeply that they are well-taken care of so that future generations can enjoy them

I urge you, in crafting the Forest plan ammendment, to be willing to enact big changes that prioritize the health of the forests. Incorporate native voices, bring back prescribed burns, and safeguard our few remaining areas of old growth trees. This is the only way to protect the health of the land, water, and people
