First name: Kathy

Last name: Matton

Organization: Stahlman Summer Home Association, Inc

Title: President

Comments: The Stahlman Summer Home Association, originally organized in 1958, represents 70 Recreation Residence permit holders in the Willamette National Forest. In 2020, our cabins were threatened by the Beachie Creek and Lionshead fires so we are especially concerned how the amendments to the Forest Plan will address wildfire and fuels management strategies. As stakeholders in the forest, we feel it is important for us to stay informed of any changes to the Northwest Forest Plan. Please include us in all further announcements.
