Comments: Nez Perce/Clearwater wilderness recommendation

Hi,

I'm commenting regarding the Next Perce/Clearwater national Forest inventory. I believe the current state of the forest should retain it's untrammelled characteristic. I'm especially concerned with the Mallard Larkin and weitas area. It's an area I like to go into for elk hunting and am concerned with road and access development. I'd prefer to see it unchanged and undeveloped. I don't want to see more roads built in that area. I like strapping on a backpack and getting in there and am concerned if it is developed with logging roads it will lose what makes it special. I hope it all becomes wilderness designation, but especially those too areas I mentioned.

Thanks,

Mark Ritari
