Comments: Thank you for the opportunity to object to the Nez Perce-Clearwater Final Environmental Impact Statement and Draft Final Forest Plan #44089. I object to the preferred alternatives proposed management of the Hoodoo Roadless Area and the plan's lack of wildlife standards for wolverines and mountain goats.

THIS Hoodoo Pass to Steep Lakes (south) and Illionois Peak (north) is by far the our most favorite place to hike and backcountry ski (spring only). We drive 2 hours to visit it to escape the crowds at Glacier NP. We see more wildlife in the Burn than in Glacier!

It is an exceptionally friendly place to wildlife. Please do not allow snowmobiles in this sensitive region of the Bitterroots. There are many thousands of miles they can use nearby in the NPCNF and Lolo NF. My wife Rachel and I thank you for listening. We hope you opt for conservation of our beloved Great Burn.

Thank you for considering our objection.
