

Data Submitted (UTC 11): 1/26/2024 5:44:09 PM

First name: Julie

Last name: Osburn

Organization: Friends of Independence Lake, Inc

Title: CFO

Comments: We are requesting the Forest Service to include the Transportation Road and Trail system as a key issue in this planning process since it is a central theme in all of the current five key areas, and it should be included as a key focus area that undergoes a robust analysis to better inform the development of a broad range of alternatives.

The members of Friends of Independence Lake, Inc., are recreationalists of all types, and motorized recreation use is a top recreational use of our public lands.
