First name: Karen

Last name: Lopes

Organization:

Title:

Comments: Continue to grow collaborative relationships with nonprofits such as Backcountry Horsemen of America (Ca, Or, & Wa), PCT, and various other trail users. Provide opportunities for crosscut & chainsaw trainings so these volunteer organizations can assist in keeping trails cleared for use. Trails need to be maintained in order for the public to enjoy; as these are PUBLIC lands.

Increase the number of CCC trail crews to keep trails open and in good shape; not only for ease of access & enjoyment; but more so for users' safety!
