

Data Submitted (UTC 11): 1/28/2024 2:19:30 PM

First name: Daniel

Last name: Mcelderry II

Organization:

Title:

Comments: I would like to climb safely wherever i want. Most climber care about the environment. Even the trash. We pick up others trash that is left behind. We have proved that the out doors is good for mental health. Please keep these places safe for us. Private land owners and developers are taking enough of the best land. Please let us climb safely.
