First name: Connor

Last name: Bailey

Organization: Cougar Mountain Riders Association

Title: Trail maintenance

Comments: Roads should be open for public, fire access, and emergency access. Besides emergency access, open roads also help in fostering community connections. They allow us to travel, explore new places, and meet new people. Plus, open roads can boost local economies by improving access to business. Freedom and convenience of being able to get where you want, when you want, is part of being an American.
