First name: Eric

Last name: Creighton

Organization:

Title:

Comments: Keep forest service roads open to the public. Keep forests service roads open for fires and emergency access.

Allow more ATV and off road access on Forest service land. Allow off road clubs to develop trails and maintain them.

No more Tank traps and no more decommissioning roads.

I have lived in Otis for 47 years. When the Forest service shut down road or decommission them, people are not able to even walk on them.

If you have any questions please contact me!

Thanks

Eric Creighton
