Comments: I'd like to submit my proposal to keep climbers access to bolting and anchors in National Parks. Climbers love to be in these beautiful landscapes as much as other visitors, and would love to continue to visit and adventure in the parks. So many livelihoods depend on climbing, and thrive on it. We are a minimalist culture who preaches nature preservation and leaving the area with no trace. Please, consider us with this bill. Thank you for your time, Eric Arness.
