Comments: The Forest Service is responsible for preserving the wilderness character of the Bob Marshall Wilderness Complex, not to promote any particular use, such as outfitting/guiding.

There has been a lack of transparency in this reauthorization action. The Bob Marshall Wilderness Complex Outfitter and Guide Permit Reauthorization lacks site-specific information, despite requesting site-specific comments. The public deserves to know the following information:

- Permitted service days versus actual use for each permit
- Annual inspections, performance evaluations, or public complaints related to each campsite or operator
- Any NEPA documents and related decisions dealing with outfitting service levels or allocation in the Bob Marshall Wilderness Complex
- The Bob Marshall Wilderness Complex Character Narrative
- 2017 needs assessment and extent necessary documentation
- Campsite Management Plans for each outfitter camp

The Forest Service must not use a Categorical Exclusion (CE) to renew any outfitter permits.
