Comments: Who is the Forest Service accountable to? The American people, all 340 million. And the Wilderness Act. Please hold the 60 or so outfitters in Bob accountable. Please don't renew the 60 permits of outfitters until there is transparency. The American people deserve to know and give input on what impact outfitters have on our precious Bob Marshall Wilderness Complex.

The Forest Service must make the following information available for public review on its website and must also extend the public comment period for another 45 days after information is published on the website:

- permitted service days versus actual use for each permit
- annual inspections, performance evaluations, or public complaints related to each campsite or operator
- any NEPA documents and related decisions dealing with outfitting service levels or allocation in the Bob Marshall Wilderness Complex
- the Bob Marshall Wilderness Complex Character Narrative
- 2017 needs assessment and extent necessary documentation
- Campsite Management Plans for each outfitter camp

I know Forest Service staff are worked very hard. Thank you for protecting our wilderness. Please don't give permits until the above details are addressed.
