Comments: I have been following and enjoying the trail developments in the area since the early planning stages of the TAJR. This trail development has made this area a vacation destination for my friends and family. We travel to the area to camp, mountain bike and paddle at least a couple times a year. Often visiting the local towns for food, beverages and supplies. Further development of recreation in the forest will only further enhance our experience and improve the area's status as a destination. Likely prompting more frequent future visits.
