Comments: To Whom it May Concern:

Climbing is an important part of my health and wellbeing and here are some bullets regarding your recent legislation:

Restricting the establishment of new routes to "existing climbing opportunities" on non-Wilderness lands is unenforceable and will create confusion amongst land managers and climbers. Non-Wilderness climbing management policy should maintain opportunities for new anchors unless and until analyses determine climbing should be restricted to protect cultural and natural resources.

Thanks for your consideration,

Amber
