Comments: Dear US Forest Service,

Please protect the Bob Marshall Wilderness. We are now in a critical, urgent time for saving what wilderness we have left. The good news is that we still have wilderness like this one to protect ! And, unlike many countries in the world, we have the resources to do it -- and skilled professionals who have made it their life's work.

So, please, don't renew existing outfitter permits in a secretive and potentially destructive way. Please review all permits carefully -- and in full public view. Please put preserving the wilderness first. These lands belong to all of us -- and they are such a treasure.

With gratitude for your work,

Milada Anna Vachudova
