Comments: Please protect wilderness character in the Bob Marshall Wilderness Complex as you consider outfitter permits. This should include Campsite Management Plans for each outfitter camp, and annual inspections and performance evaluations for each campsite or operator. Additionally, considering the many impacts outfitting has on the Wilderness, the Forest Service must not use a Categorical Exclusion (CE) to renew any outfitter permits. An Environmental Assessment or Environmental Impact Statement with accompanying public input is called for to properly protect this fabled Wilderness Complex.

Thank you, Deanna
