First name: Ted

Last name: Hogan

Organization: Metolius River Forest Homeowners Association

Title: President

Comments: The Metolius River Forest Homeowners Association (MRFHA) is made up of 108 cabins on the Wild and Scenic Metolius River in the Deschutes National Forest, Oregon. Our cabins are on Special Use Permits going back to the early 1900s.

We have an interest in how the forests are managed and would be supportive of ways to protect them, especially old growth forests, from mega fires like the ones in recent years. Our organization would like to participate in future comments in the rest of the NWFP Amendment process. Please keep us informed on the developments going forward.

Thank you.
